**894mm x 565mm x 102mm (closed), 589mm (open)**

**Available Colors:** Cream & Grey

**Optional Braille Label (Not included)**

## INSTALLATION

Coordinate installation with architect or contractor to avoid interference with surrounding objects. Hold unit up to wall and open to verify there are no obstructions to interfere with operation of station. From finished floor to the top of the unit closed should be at a height of 48". Transfer mounting point locations to wall surface and drill pilot holes. Secure unit with proper fasteners for each application. (Recommend a qualified carpenter to install unit) Unit can be lowered with one hand and into position with less than 5 lbs of force, wall openingut turning or twisting of wrist. Verify with local codes and type approach (forward or side) for proper mounting height above finished floor. Unit can support up to 200lbs when properly installed.

Unit should be cleaned once or more daily with a clean nylon brush and spray disinfectant.

When properly installed, baby changing stations comply with ASTM static load performance requirements.
